Researchers at the University of Alabama at Birmingham (UAB) are conducting a research project to understand the role of psychological flexibility on psychosocial health and well-being and validate a questionnaire in persons living with a traumatic or non-traumatic spinal cord injury (SCI).

You are eligible for this research if you are:
- An adult (18 or over) with SCI

Participation and compensation include:

- Completion of the online survey twice (a $45 gift card)
  - First survey ($35)
  - Second (brief) survey, to be completed 2 weeks after the first survey ($10)

- Completion of an (optional) individual interview (a $40 gift card)
  - Only up to 20 people will be invited after completing the survey

For questions, contact Jessica Hawkins at jshawks@uabmc.edu or 205-975-2882
